Section 2.4 will compare our co-trending with the co-breaking in Hendry and Mizon (1998) and Clements and Hendry (1999). Section 2.5 will briefly survey the history of the direct modelling and the indirect modelling in the time series analyses. We had long seen the indirect modelling only, but Schmidt and Phillips (1992) have advocated the direct modelling.

Industry Trends & Analysis - Industry Research - LibGuides ...

Each report consists of key statistics and analysis on market and competitive landscape characteristics, operating conditions, business challenges, industry trends, current and historical industry growth, and more. Many reports also include a global industry analysis.
