[The Top 5 Secured Credit Cards For Boosting Your Credit Score](#)

The entire idea behind the secured credit card is to be able to extend credit to those who have poor credit with minimal risk to the lender. When a borrower has a poor credit score, he or she represents an increased risk to any potential lenders. This is why you often get turned down for credit when you have a poor score. With a secured credit card, it enables you to put down security funds.
