Maternal Thyroid Dysfunction and Risk of Seizure in the ...

Thyroid hormones are essential for brain development, and maternal thyroid disease may affect child neurocognitive development. Some types of seizures may also depend upon early exposure of the developing central nervous system, and we hypothesized that maternal thyroid dysfunction could increase the risk of seizure in the child.

Lambert Eaton myasthenic syndrome - Wikipedia

Lambert Eaton myasthenic syndrome (LEMS) is a rare autoimmune disorder characterized by muscle weakness of the limbs. Around 60% of those with LEMS have an underlying malignancy, most commonly small-cell lung cancer; it is therefore regarded as a paraneoplastic syndrome (a condition that arises as a result of cancer elsewhere in the body). It

Smoking reduces the risk of hypothyroidism and increases ...

cessation during the pregnancy (Fig. 1). Mothers were classified as smokers or nonsmokers according to the smoking status reported in the first pregnancy in the study period.

Papillary thyroid carcinoma is the most common type of cancer to affect your thyroid-- a butterfly-shaped gland that sits just below your voice box.

thyroid | Focus On Thyroid

Iodine is one of the main elements your body needs to

produce thyroid hormones. Your body is unable to produce enough iodine to do this on its own which is why it is an imperative part of any diet.
