[Canadian Electoral Systems | The Canadian Encyclopedia](#)

Electoral systems, or voting systems, are methods of choosing political representatives. Provincial election systems, governed by provincial election acts, are similar to the federal system, but differ slightly from each other in important details.

[Electoral Systems - Georgetown University](#)

The US Electoral College also has components of a majority system, because a presidential candidate must get 50%-plus-one electoral votes (270 out of 538) in order to win. If no candidate reaches the 270 mark, the election is decided by the House of Representatives. In determining who votes for whom in the Electoral College, though, the US presidential race is a strict plurality system. The

Electoral systems factsheet - Canada.ca

Description: Our current electoral system at the federal level is First-Past-the-Post (FPTP). FPTP is a plurality system. Under FPTP, an elector casts a single vote for a candidate to represent the electoral district in which the voter resides. The winning candidate must win the most votes.
