How to find out where a harrassing email originated ...

Unfortunately (or maybe it IS fortunate) normal people can't do very much in this regard before they run into the law. Essentially, all you can be absolutely certain about in an email is the IP address of the last email server that handled the email before the first one you know you can trust.

Postfix sends to Exchange Server with "=" characters at ...

I created an automated notification system in PHP using the mail() function via postfix MTA. However, the users of Outlook, actually Exchange Server receive notifications with equal "=" characters at end of the lines and with broken HTML.

Family - Wikipedia

In the context of human society, a family (from Latin: familia) is a group of people related either by consanguinity (by recognized birth), affinity (by marriage or other relationship), or co-residence (as implied by the etymology of the English word "family") [citation needed] or some combination of these.
