Fusing Art and Science! Teaching Glass Fusing Techniques ...

My students need glass fusing equipment to learn how to fuse glass expanding their science knowledge in their art class. My students have an inability to transfer knowledge from one class to another. It is my hope that through this project I can show them what they learned in science and how it applies to fine arts.

Science Program - Madison Public Schools

Science learning as well as science curricular programs nationwide. The articulation of the guide's goals and standards across grade levels has been examined carefully and has been achieved to the satisfaction of the Science committee charged with the development of the guide. The committee believes that the Madison Public School System has developed a quality Science program that is planned
