Green growth and sustainable development - OECD  
The Green Growth Knowledge Platform (GGKP) is a global community of organisations and experts committed to collaboratively generating, managing and sharing green growth knowledge and data to mobilise a sustainable future.

Green Growth & Sustainable Development Forum - 10times

Green Growth & Sustainable Development Forum will address the political economy of green and low-carbon policy reforms, identify their distributional impacts, and explore inclusive solutions for households, workers, sectors, and regions that may otherwise be hit hard by the transition to help them contribute to a greener future.

Green growth and sustainable development - OECD

Green growth is not a replacement for sustainable development. Rather, it provides a practical and flexible approach for achieving concrete, measurable progress across its economic and environmental pillars, while taking full account of the social consequences of greening the growth dynamic of economies.

Green Growth and Sustainable Development - ResearchGate

Green Growth and Sustainable Development Monitoring Progress towards the Environmental Millennium Development Goals Ana Jes's Lopez Mendez

Event: Green Growth and Sustainable Development (GGSD) ...

The OECD will convene its Green Growth and Sustainable Development (GGSD) Forum under the theme, 'Inclusive solutions for the green transition'. The Forum will take place in conjunction with the 6th annual conference of the Green Growth Knowledge Platform (GGKP). The GGSD Forum will address the

Green Growth Policy in Korea: a Case Study | Green Growth ...

The concept of Green Growth has been recently advocated in different international venues such as OECD, UNEP, World Bank, IEA, and at the G8 and G20 meetings.

Within this framework, South Korea is the first country in the World to make Green Growth Strategy a national one. Green growth ∴ Sustainable Development Knowledge Platform

The concept of green growth has its origins in the Asia and Pacific Region. At the Fifth Ministerial Conference on Environment and Development (MCED) held in March 2005 in Seoul, 52 Governments and other stakeholders from Asia and the Pacific agreed to move beyond the

sustainable development rhetoric and pursue a path of "green growth".

Green Growth and Sustainable Development in India | Green ...

The paper Green Growth and Sustainable Development in India concludes that the implementation of green growth strategies yields multiple development benefits but requires concerted policy action and interventions. Finally key interventions are offered to foster green growth and development in India.
