What is art history and where is it going? Smarthistory
The discipline of art history developed in Europe during the colonial period (roughly the 15th to the mid-20th century). Early art historians emphasized the European tradition, celebrating its Greek and Roman origins and the ideals of academic art. By the mid-20th century, a standard narrative for Western art was established that traced its development from the prehistoric, ancient, and

Turning points of the 20th century - deutschland.de

Turning points of the 20th century. From the First World War to the present: Europe in the focus of history .

12.06.2014, picture-alliance/dpa - Herfried M. Klär. The twentieth century was a century of extreme violence, as witnessed by the years 1914 and 1939 with the outbreak of the First World War and the unleashing of the Second World War. During the same century, however, there were also
