International Political Economy: Thomas Oatley ...
Thomas Oatley succeeds in writing an international political economy text that political science students will find accessible and economics students will find interesting. Incorporating and integrating essential concepts underlying IPE as well as contemporary scholarship, Oatley provides a succinct and effective foundation for understanding the field and the insights it can provide for current policy issues and dilemmas.
International Political Economy: International Student ...

Thomas Oatley's International Political Economy provides essential background to the interplay of economic behavior and political institutions. It takes seriously the role that economics plays in defining the interests of political actors but also introduces the student to the operation of institutions that govern international trade and finance. In plain language, it describes essential
International Political Economy, Book by Thomas Oatley ...

Broadly viewing the global economy as a political competition that produces winners and losers, International Political Economy holistically and accessibly introduces the field of IPE to students with limited background in political theory, history, and economics. This text surveys major interests and institutions and examines how state and non-state actors pursue wealth and power.

International political economy - Wikipedia

International political economy (IPE), also known as global political economy (GPE), refers to either economics or an interdisciplinary academic discipline that analyzes economics and international relations. When it is used to refer to the latter, it usually focuses on political economy and economics, although it may also draw on a few other distinct academic schools, notably political
