Five Factors to Consider When Designing Programming for ...

The program must be flexible for the adult learner to be successful. Online or hybrid programs, which offer a mix of online and on-campus courses, allow these students to complete classwork or study at times that suit their busy schedules. Many adult learners work full time and often during the day; hence, they prefer programs that offer courses in the evenings and on weekends. In addition

Planning Programs for Adult Learners: A Practical Guide ...

The ongoing education and training of adults has become a necessity in many professional areas. Yet the staff who set up and administer these programs often lack skills for the very task that is so critical to the success of their efforts--the planning of the programs themselves.
