Planning Urban Places: Self-Organising Places with People ...

This book seeks to understand the urban change dynamic so that the planning of urban places aligns with the dynamic of people's perception of place. Planning Urban Places examines the premise that building cities is a concrete business surrounded by a shifting context. It discusses the notion of urban design and placemaking from the perspective of place perception and cognitive psychology, place philosophy and human geography. It also considers network theory to help illustrate the self-Planning Urban Places: Self-Organising Places with People ...
