The article that follows is both a historical landmark and a

theoretical discussion of unusual contemporary value to psychology. It is the written version of a speech delivered by L. S. Vygotsky at the Second All-Union Congress of Psychoneurologists, held in Leningrad in 1924.

The Problem of Activity and Psychology

In recent years in Soviet psychology there has been an accelerated development of its separate branches and of applied research. At the same time theoretical problems of general psychology received less attention. In addition to this, Soviet psychology, formulated on a Marxist-Leninist philosophical basis, suggested a basically new approach to the psyche and was the first to introduce into
