Do socioeconomic mortality differences decrease with ...

The welfare state reduces socioeconomic differences in old age through benefits and social policy. 3. The impact of past experiences that are responsible for health differences, e.g. working conditions, fades out at old age. 4. The observed mortality differences get smaller in old age on the aggregate level because the surviving population is more homogeneous due to selective mortality. **The Socioeconomic Differences in Old Age Mortality Hoffmann ...**

With a new method it also addresses the question whether the measurement of social mortality differences in old age so far has been biased by mortality selection due to unobserved heterogeneity. "This book signifies an important step forward in theory, empirical data analysis and methodology and an advancement for many disciplines involved in the subject of socioeconomic differences in old age.

Do socioeconomic mortality differences decrease with ...

The impact of SES on mortality is an established finding in mortality research. I examine, whether this impact decreases with age. Most research finds evidence for this decrease but it is unknown whether the decline is due to mortality selection.
