## Motivating Students - Teach

While motivating students can be a difficult task, the rewards are more than worth it. Motivated students are more excited to learn and participate. Simply put: Teaching a class full of motivated students is enjoyable for teacher and student alike. Some students are self-motivated, with a natural love of learning. But even with the students who do not have this natural drive, a great teacher

## Strategies For Helping Students Motivate Themselves | Edutopia

My previous post reviewed research on extrinsic and intrinsic motivation, and described the four qualities that have been identified as critical to helping students motivate themselves: autonomy, competence, relatedness, and relevance.

## 21 Simple Ideas To Improve Student Motivation - TeachThought

21 Simple Ideas To Improve Student Motivation by TeachThought Staff The best lessons, books, and materials in the world won't get students excited about learning and willing to work hard if they're not motivated.

## Motivating Students - Affective Domain

Motivating Students. This chapter from the book *Tools for Teaching* by Barbara Gross Davis (Jossey-Bass Publishers; San Francisco, 1993) is a great place to start for ideas and tips about increasing student motivation in your classes.
