This book is designed to teach social skills to many different types of children, particularly those with social

problems. Often labeled as having a social skills deficit, these children may be considered aggressive, socially isolated, or shy. The underlying concept is that to proceed through the expected stages of their social development, children should possess all the skills addressed by [Teaching Social Skills in Special Education - ThoughtCo](#)

Social skills are critical for long-term success. Sometimes referred to as Emotional Intelligence, it is a combination of the ability to understand and manage one's own emotional state (Intra-personal Intelligence in Howard Gardner's "Frames of Mind: The Theory of Multiple Intelligences") and the ability to understand and respond to other people.
