Top 10 Best Drone Books for 2017. April 17, 2017 Eric Reviews 0. I've been working my way through as many books on drones and quadcopters that I can. The quality of these are hit or miss. Some are very good and some are just horrible. Most good information in this hobby is still found in forums and Youtube videos. The problem with that, though, is that the information is scattered all over
