Theology in Stone: Church Architecture From Byzantium to ...

Theology in Stone: Church Architecture From Byzantium to Berkeley Richard Kieckhefer Abstract. Four questions can be asked appropriately about any church. First, what are its spatial dynamics and how do they promote the dynamism of worship? Second, what (if anything) is the centering focus that clarifies what is most important to worship? Third, what aesthetic impact is the building meant to

*Theology in Stone: Church Architecture from Byzantium to Berkeley*. By Richard Kieckhefer. (New York: Oxford University Press, 2004. Pp. xii, 372. \$39.95.) Several recent publications regarding Catholic church architecture have been written by or about architects who champion a return to the aesthetics and plan configuration of churches that were built prior to Vatican Council II. These  
**Theology in Stone: Church Architecture From Byzantium to ...**

'*Theology in Stone*' looks at various aspects of church design, from the long tradition of church building in Christianity up to the present time. His text begins with four principle factors in basic church design, and then looks in some detail at three particular styles.
