Shannon E. French, Case Western Reserve University, USA [When Soldiers Say No](#) brings together arguments for and against selective conscientious objection, as well as case studies examining how different countries deal with those who claim the status of selective conscientious objectors. This collection adds considerably to the literature by bringing together a range of perspectives on the

[When Soldiers Say No | Selective Conscientious Objection ...](#)

However, a decade of conflict not clearly aligned to vital national interests combined with recent acts of selective conscientious objection by members of the military have led some to reappraise the situation and argue that selective conscientious objection ought to be legally recognised and permitted. Political, social and philosophical factors lie behind this new interest which together
